COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Construction is planned for 3500 feet on the Locke Mills to East Bethel road. This will be State Aid reconstruction to eliminate the bad curves in that section. Work is to commence the first of next week.

Oscar Annis will be in charge of the project. There is three years money available for a total of \$30,000.00.

A meeting for municipal officers in the area will be held Oct. 27 at Telstar High School. This will be to acquaint them with some of the solutions being used to dispose of rubbish. The last legislature passed a law which prohibits, after two years, the burning of open dumps. It would appear that most dumps will have to be closed and other methods of disposal found.

By the end of the week the winter stockpile of salted sand should be complete. We plan to have 2500 to 2700 yards of sand with 90 tons of salt added.

There has been no final decision on hiring additional police officers. It will be discussed at a selectmen's meeting Tuesday night.

TELSTAR TAKES MVC LEAD

—DOWN JAY TIGERS, 13-8

Dana Melville's two touchdowns proved to be enough to carry Telstar to the top of the Mountain Valley Conference, when league leader Lisbon High lost to Leavitt in last Saturday's gridiron action.

Following the opening kick-off Telstar drove the ball to the Jay 43 yard line. Ron Deegan then threw a 53-yard scoring strike to Melville to put the Rebels in front 6-0.

Melville helped the cause once again when he added the extra point by kicking the ball dead center through the uprights.

Jay came back in the second stanza when halfback Mark Letourneau ran in from eight yards out to score. Jay's Gene Trask rushed the conversion to put his team in front 8-6.

Through the entire third period and most of the fourth, both teams moved the ball but failed to score. The Rebel defense stopped the Tigers several times inside the Telstar 20 yard line.

With less than three minutes to play, with Telstar's ball resting on the Jay 32, Ron Deegan drew blood for the decisive score when he hit Melville in the end zone with a perfect pass.

Along with Deegan and Melville, Rex Cummings, Al York and Frank Howard were stand-outs for the winners.

The Rebels will journey to Lisbon Saturday for a 1:30 contest which should be the biggest test to date for the Rebels. The Rebels now hold a 5-0 MVC record while Lisbon is 5-1, just behind Telstar and remains a threat for MVC honors.

DISTRICT 44 DIRECTORS HOLD MEETING AT TELSTAR

The S. A. D. 44 board of directors met in regular session at Telstar Regional High School on Monday evening.

In the citizens portion of the meeting, Avery Angerine of Bethel expressed dissatisfaction with the roofing job at Crescent Park School, stating that in his opinion it was amateurish and poorly done. With regard to the re-wiring project at the Woodstock Elementary School, Mr. Angerine commented that although it would satisfy the State Code, it was his opinion that it was not the type of work one would expect for a school building.

The board approved the nomination of Mrs. Patricia Dooen, Bethel, to serve as District bookkeeper. The resignation of Mrs. Gertrude Hutchins as secretary in the superintendent's office was accepted with regret. To fill the position, the board approved the nomination of Miss Sheila Hebert, formerly of Mexico, who currently is employed by the CIA in Washington, D. C.

A proposed District policy for handling disciplinary matters was returned to the Policy Committee for unspecified refinement. With regard to disciplinary matters the Board approved the following resolution: Before final Board action, all District administrators and employees directly involved shall have the opportunity to make their views known to the Board in executive session.

The board approved the awarding of the following bids to supply gasoline to Telstar Regional High School, Cheyenne Oil Co., 24.05 cents per gallon; liquid propane gas, Home Gas Corp., 16.75 cents per gallon, #2 fuel oil, Brooks Bros. Inc., 14.0 cents per gallon; #5 fuel oil, 10.00 cents per gallon. Bids for gasoline and fuel oil are subject to market condition fluctuations.

It was reported by the Transportation Committee that a request had been received to extend the route of the late afternoon activity bus to Northeast Bethel. The committee felt that if they granted this request, service would have to be extended to other areas. Present policy provides transportation to a central drop-off point in each town.

The Board considered four points presented by Donald Stecher of Bethel at a previous meeting.

Following discussion approval was granted to the following: a committee be appointed including a Board member, two persons outside the establishment, one teacher, and one administrator to study curriculum; a study of staff needs and a reduction of personnel where practical; to seek petitions to reduce the size of the Board as provided in Section 302, Title 20 of the Maine Statutes.

By a secret ballot vote of 4 yes and 3 no a fourth point failed to be approved. This would have sought to reopen negotiations for the purpose of seeking an increase in product.

GREENWOOD CITY

— Mrs. Colista Morgan, Corrae —
 "My thoughts today are like leaves
 in the wind,

Blown, dancing down, from a tree;
 I am part of the autumn day
 And it is a part of me.
 I am a portion of sun and grass,
 Of harvest, of fall, and of
 I cannot stay where the feet are
 still
 I simply must rise and go!"

Louise W. Sutton

The beauty of shape in leaves is
 endless as well as the color. The
 more leaf shapes you can recognize
 the more living friends you have.
 Each leaf has a birth, childhood,
 prime of life, and death; as do peo-
 ple. Each year the woods hang out
 their opened foliage, tiny banners
 flying in the wind, the triumphant
 colors of life.

October is the in-between time
 with days just warm enough to be
 invigorating and nights cool and
 crisp. The blue air sparkles like
 diamonds and I have viewed it from
 heights this week.

Anyone who lives nearby has
 heard of, or visited Overset Pond,
 or the Bluff. Three companions and
 I did both on Monday. Beneath our
 feet the earth was a blazing carpet
 of orange, russet, crimson, and gold.
 From the summit, the little pond
 showed its heart, for the sky re-
 flecting us was a perfect valentine. This
 is only one piece of the mirror that
 has been broken into a thousand
 fragments and wildly scattered all
 over Maine where each reflects the
 full blaze of the sun. What a reflec-
 tion at this time!

There was a unique harmony
 in the blend of color, texture, sound,
 and scent.

Occasionally a chipmunk busy
 reaping his share of harvest for
 the winter ahead scampered across
 our path or talked from a tree.

We listened to the wind as it seem-
 ed to say "Hush" and again,
 "Hush." It was like a vast calm
 breathing.

The aspens because of the flat-
 tened leafstalks set at right angles to
 the blade itself, even in a slight
 draft, patter like rain, rustle like
 silken skirts, or whisper like boys
 in the back row at school.

I had a planetary feeling as I gazed
 at the pond, mountains, and
 fields in the distance. From one
 place I could see my home pond
 and parts of Norway Lake.

There was quiet and solitude, per-
 fect complements to the scene ex-
 cept for a few minutes when a plane
 flew in low and we thought it plan-
 ned to land on the pond but didn't.
 We listened to capture the view, to
 soak up the silence and to feel the
 fresh wind.

I thought of how the glacier had
 carved the valley and wondered
 what secret the Bluff held for it had
 kept its massive prominence hav-
 ing resisted despite a vast amount

and intensity of weathering to which
 it had been subjected.

The pines on our way down talk-
 ed in deeper voices as the wind
 played about.

Stealing to us was the wonderful
 underground smell of damp earth
 and mushrooms, an odor sad with
 the dying, yet delicious, too. The
 leaves of last year are being turn-
 ed into mold by the hard-working
 soil bacteria. They help to make
 a rich loam for the seed crop of next
 year.

We saw many different kinds of
 fungi. They have strange and lovely
 colors. There are scarlet and orange
 capped toadstools, royal violet shad-
 ed down to the most delicate hints
 of pink, to pale lavender, and to the
 mother-of-pearl tones of the human
 flesh, and lastly to the waxy per-
 fection of a kind called the destroy-
 ing angel. We never see the green
 pigment of chlorophyll found in
 plants that make their own food.
 Fungi are interrelated with lives
 of other things.

The splendor of this autumn day
 was repeated by the same four the
 next day, this time on the timbered
 trails through the lush beauty
 of hills far from home. It was a
 different setting but not more beau-
 tiful than Overset.

Two days I hiked alone except for
 my camera and binoculars, my close
 companions.

I just can't tell you how long
 it takes to get ones full but I have
 lingered around the ponds, on the
 mountains, in the woods, frozen by
 beauty all this week. Added to all
 this were the geese etched in a V
 shaped trail across the sapphire sky,
 partridge winging its way, a hawk
 soaring against a cloud and a
 pheasant by the road side.

"My mind caught the beauty
 I knew from the start;
 I had found autumn . . .
 It captured my heart."

CROSS-ERRINGTON

In a late summer wedding, Sept. 18, at the Rumford Point Congregational Church, Rev. Carl M. Kingsbury united Sylvia R. Errington and Roger C. Cross in marriage.

The bride is the daughter of Mrs. Albert Paul of Rumford Corner and the late Clifford Errington. Mr. Cross is the son of Mr. and Mrs. Rodney Cross of Locke Mills.

The bride was escorted to the altar and given in marriage by her brother Michael Errington. Her gown was of Chantilly lace with the Sabrina neckline accented with pearls. The sleeves ended in bridal points and a large Dior bow complemented the waist. Her double-tiered veil of illusion fell from a spray of white orange blossoms and seed pearls. She carried a cascade of poms, daisies and yellow tea roses.

Mrs. Michael Errington acted as matron of honor for her sister-in-law. She wore a Nile green taffeta gown with an overlay of flocked nylon. The empire waist was accented with looped white velvet ribbon tied in a bow in the back with floor length streamers. She carried a long stemmed yellow rose and wore a fabric Dior bow as a headpiece.

The Misses Lillian and Evelyn Cross of Locke Mills, sisters of the groom, were bridesmaids. They wore gowns identical to that of the matron of honor only in carnation pins. They also carried a single long stemmed rose.

William Frederick of Norway was best man for his brother-in-law. Dennis Jackson and David Howe, friends of the groom, were the ushers.

The mother of the bride wore a knit suit of coral. Her accessories were of black patten leather. A corsage of poms and yellow tea roses complimented her outfit. The groom's mother wore a brown knit dress and a corsage of poms and yellow tea roses.

A reception followed at the Locke Mills American Legion Hall. Miss Laurie Cross circulated the guest book. The bride's attendants helped with the gift table and passed the wedding cake made for the bride couple by the bride's sister, Patricia Cole.

Mrs. Cross graduated from Stephena High School in 1968 and is employed at the Bethel Shoe. Mrs. Cross graduated from Woodstock High School in 1968 and from CMVT in 1971. He is employed at B.I.'s Body Shop in Norway.

The bridal couple are now at home in North Paris.

TELSTAR R. H. S. NEWS

COUNCIL COMMENTS

Last Friday an all school rally was held in the gym. The purpose was twofold: it was meant to fire people up for the Jay game, but was meant more to show the students, by way of a skit, how some individuals behave during a game. Due to a slight misunderstanding among those involved plans became confused, so the skit did not go over as well as it might have. But I think many people did get the message.

Monday the 19th, Randy Littlefield and I went to Leavitt with Mr. Flynn. Randy and I met with other council members from various schools in the Mountain Valley Conference. Many ideas, problems, and possible solutions to our common problems were shared. A good time was enjoyed by all.

There is no earthly device that could measure and record the pure tension that is felt by most every member of Telstar, students and faculty alike. At the 6. C. conference yesterday I talked to the representatives from Lisbon, and they wished us good luck. (I guess they think we need it.) But it won't take long to show 'em! Two hours will do the trick!!!

That's it for now. See you at the game Saturday — Roberta Croteau

GIRL SCOUTS ENJOY BIKE HIKE TO BETHEL RESERVOIR

Thirty-two Junior Girl Scouts and six leaders and adults left from the Masonic Hall in Bethel on a bike hike on Oct. 7. The purpose of the hike was to work on the cyclist and Gypsy badges.

In preparation for this hike, Mrs. Stephen Chandler spoke to us at a previous meeting, about safety rules, explained how to read the map and plan the route, discussed proper clothing to wear and what type of food to bring.

On the morning of the hike, Bob Stearns of the Bethel Police, checked the bikes for safety and escorted us across Route 2 to the N. W. Bethel Road. We turned into the Chapman Brook Road and picked up in a field. We then hiked up to the Bethel reservoir, explored, played games, sang songs and had

a "Scout's Own." Bruce Bailey arrived and showed us how the screens are cleaned and how he cleans the reservoir. Following the hike back down, Mr. Bailey also explained to us how and when the chlorine and fluoride are added to the Bethel water supply to make sure we have pure water to drink.

As a service to the community we would like to share the bicycle safety rules we learned.

1. Have a reflector on back of bicycle and a white head light on front if riding at night.
2. Know your hand signals.
3. Have a signal horn or bell.
4. Keep to the right. Ride in single file. Ride in groups of six to eight with at least 100 feet between groups so cars can pass. Ride in a straight line.
5. Check your bike to make sure it fits your size, that the brakes

work, tires are at right pressure, and handle bar grips don't slip.

6. Obey all traffic rules and signs.
7. Give pedestrians right of way, do not ride on sidewalks.
8. Carry packages in a basket or fastened to the bicycle.
9. Do not carry other riders on your bicycle.

We also learned about a bicycle penalty in Maine which is: Any person 17 or under who is in violation of safety rules can have his bicycle impounded for a period of not to exceed five days, first offense, ten days for second offense and not to exceed 30 days for a subsequent offense. This may be enforced by Town Police or by Selectmen in the absence of a policeman.

Good weather contributed to a fine time by all who took part. "Safe Bike Riders To-day Good Drivers tomorrow."

A TRIBUTE TO FRED GROVER

In the 40's Bethel boasted a new and modern movie house, although in those far-gone days cinemas had neither X nor R ratings. The manager of this theater was Fred Grover who was exceptionally popular for his courtesy, his friendliness and genial manner. His quick wit at repartee was always refreshing and amusing.

After the closing of the theater, Fred was employed as a clerk at the Bethel Post Office where he served the public in many helpful and accommodating ways.

In his home life Fred was a devoted son and brother and his family in return gave him the sympathetic support which helped to make his long and devastating illness endurable.

A veteran of World War II, he was often a patient at Togus and his hospitalization there was courageously accepted.

To the members of his family goes the sympathy of a townspeople who will long cherish the memory of a loyal friend and fine citizen. G.S.

CARD OF THANKS

To all those who sent cards, flowers, food -- to Eldon Greenleaf for his many kindnesses and to Rev. Canon for his comforting words, the children of Bessie K. Stanley are most grateful.

DISTRICT DIRECTORS MEET

continued from Page One
ed was far down the list of priorities in the District's request, the directors voted to disregard the allocation.

Brian Flynn, Telstar principal, commented on the possibility of varsity basketball practice being held in the evening, making it difficult for area Andover players to participate. Without formal action, it was the evident consensus that it would be the students' responsibility to provide transportation.

The Board disapproved a motion that would have required the verbatim publication in the local paper of the minutes of the meetings as prepared by the secretary (superintendent).

Board members not present at the meeting were: M. Parker Allen, Milton Mills, Woodstock; Leon Akers, Andover; Paul Wight, Newry.

The next regular session of the board will be held at the Woodstock Elementary School on Monday evening, Nov. 1.

Mr. and Mrs. Peverly Tripp have gone to Lake Worth, Fla., for the winter.

Word has recently been received that Edward Tibbetts, formerly of Bethel has been registered with the State of California as a Professional Engineer.
